Seamless Integration with Matter Ecosystem

Matter breaks down barriers between different smart home ecosystems. You can seamlessly integrate M5 Matter into Matter-enabled platforms, such as Alexa, Google Home, and Apple Home, and partner with other brand's devices to create your smart life.

Matter Ensures a Stable Local Experience

As Matter-certified devices support local communication within the home network, M5 Matter boasts faster response times and higher stability. Even in the case of suboptimal server network conditions, M5 Matter can operate seamlessly within the local network

Joining the Apple Home Through Matter

Supports work with Apple ecosystem through Matter to control M5 Matter in the Apple Home App, and create automation with devices from different manufacturers.

*Please upgrade the iOS system and HomePod to V17.4 and above.

Matter Compatible

APP Control

Voice Control

Safe and Reliable

Schedule

Smart Scene

Two-way Control

One Phone, One Home

Through the eWeLink APP, you can manage devices at any time, don't worry about forgetting to turn off the electrical appliances when you go out.

Press and Go

As a smart wall switch, M5 Matter adopts physical buttons for local control. Just press the button, the lights will be turned on.

Quick-responsive physical buttons.

Can be touched with gloves on.

Anyone can easily use.

Double As Smart & Safe

High Temperature Resistance

PC V0 material ensures high-temperature resistance and excellent flame-retardance.

Safety Certification

CE certified. Safe performance is guaranteed.

Safe Disassembly

Separate the high and low voltage which you can disassemble the switch safely.

Time to Switch to "Matter" Life
