1 MINI R3 with more S-MATE

SONOFF S-MATE Switch Mate

Make your existing ordinary wall switch be a smart scene switch to control smart devices.

Quick Start

Download eWeLink APP.

Connect S-MATE with your ordinary switch.

Add S-MATE on the setting page of devices with "eWeLink-Remote gateway".

Set the smart scene to trigger other devices.

S-MATE's Control Ways

After adding the S-MATE to the "eWeLink-Remote gateway" like MINIR3 (and more in the future), it can achieve the following two control ways.

▼ Control the devices built in "eWeLink-Remote gateway" when no Internet is available.

▼ Trigger other smart devices in the smart scene.

* 50m is the test data from the lab through a common wall, for reference only.
